

Feedback from the 2nd GMES/Copernicus National User Forum Day

"I would like to thank you for beneficial user forum, which was excellent in both content and organizational site"

"Another thanks for good organisation connected with networking!"

Adéla Volfová, CGI

"Once again thank you for the invitation."

Jaroslav Valůch, Standby Taskforce

"Great work."

Luboš Moravčík, Czech Hydrometeorological Institute

"One detail, that I really appreciate, is the support of the social interaction in comparison with highly specialized conferences. Longer breaks, published list of participants, social event..."

"...congratulations to the pretty solved workshop. It was really interesting, next year I will like to attend again."

Irena Košková, Liberecký region

"Thank you for your excellent Conference organization and support us for the Emergency Workshop organization."
